SONIC™

THE HEDGEHOG

SONIC THE HEDGEHOG is **SEGA'S** flagship franchise and one of the bestselling video game franchises, selling over 140 million units by 2016 and grossing over \$5 billion as of 2014. Series sales and free-to-play mobile game downloads totaled 1.5 Billion as of 2022.

Ultimately, the reason why the series is even still a thing despite its questionable track record, is due to the power of nostalgia. Many Sonic fans simply don't want to let go of their passion for the series. They will pummel an entry into the dirt, yet still show great enthusiasm for it.

NASA

The National Aeronautics and Space Administration

is America's civil space program and the global leader in space exploration.

The agency has a diverse workforce of just under 18,000 civil servants, and works with many more U.S. contractors, academia, and international and commercial partners to explore, discover, and expand knowledge for the benefit of humanity.

It's main mission is to pioneer the future in space exploration, scientific discovery and aeronautics research.

And now anyone can wear it!
