Peppa Pig

With over 1000 licensees around the world, **Peppa Pig** is a top performing global preschool property that has been translated into over **40 languages and broadcast in over 180 territories.**

Since gracing our screens in 2004, Peppa Pig has become a global sensation. With over 7 seasons, video games, merchandise and even her own theme park, Peppa has become a household name all over the world. She has captivated millions of pre-schoolers and little kids with her delightfully British humour and charm and continues to entertain nearly 20 years later.

SONIC™

THE HEDGEHOG

SONIC THE HEDGEHOG is **SEGA'S** flagship franchise and one of the bestselling video game franchises, selling over 140 million units by 2016 and grossing over \$5 billion as of 2014. Series sales and free-to-play mobile game downloads totaled 1.5 Billion as of 2022.

Ultimately, the reason why the series is even still a thing despite its questionable track record, is due to the power of nostalgia. Many Sonic fans simply don't want to let go of their passion for the series. They will pummel an entry into the dirt, yet still show great enthusiasm for it.

The emoji® Brand is one of the most expressive and colorful brands. We have been globally awarded as one of the most influential brands across the world. Our target audience is universal and our brand is beloved by people of any age and gender. Using icons within digital communication has become the phenomenon of the 21st century. Early back in 2013 the emoji company realized the expressive power of using icons such as the Poo, the Monkey or the Unicorn in digital communication.

Today, **the emoji® Brand** brand successfully established itself amongst the Top 150 Global Licensors within the industry. **The emoji® Brand** since then has been regularly nominated for awards such as “Best Lifestyle Property of the Year” in market places all over the world and won numerous awards.

NASA

The National Aeronautics and Space Administration

is America's civil space program and the global leader in space exploration.

The agency has a diverse workforce of just under 18,000 civil servants, and works with many more U.S. contractors, academia, and international and commercial partners to explore, discover, and expand knowledge for the benefit of humanity.

It's main mission is to pioneer the future in space exploration, scientific discovery and aeronautics research.

And now anyone can wear it!
